

CITY OF MONETT, MISSOURI
BUDGET MESSAGE
FOR THE FISCAL YEAR ENDING
MARCH 31, 1965

Enclosed herewith are the budgets for the following funds of the City of Monett, Missouri, for the fiscal year ending March 31, 1965:

<u>Fund</u>	<u>Page</u>
1. General Fund	3-6
2. Waterworks Operating Fund	7
3. Sinking and Interest Funds	8
4. Waterworks Special Funds	9

The principal change in the anticipated General Fund Revenue is an increase of \$15,000 in the Electric Department sales. This reflects the continued growth in the operation of our electric service which has shown a material increase in each of the last four years. As shown in the budgets the total anticipated revenues of the City are as follows:

General Fund	\$557,500
Waterworks Operating Fund	103,000
Sinking and Interest Funds	39,000
Waterworks Special Funds	<u>31,200</u>
	<u>\$730,700</u>

Eliminating inter-fund transfers, it is anticipated that the City revenues will total \$693,400. Budgeted expenditures of all funds for the same period, eliminating inter-fund transfers, have been authorized in the amount of \$692,700 leaving a net overall budget surplus of \$700.00. Since it is anticipated that the cash balances of all funds at the beginning of the year (April 1, 1964) will exceed \$190,000,

including \$108,000 in the General Fund, the proposed budget will provide adequate reserves to provide for any contingencies which may arise in the coming year.

Included in the authorized expenditures for the year is a provision for a new fire truck which is necessary to maintain the high standard of fire protection for the City. It is also anticipated that \$20,000 will be spent for additions and improvements to our electric system and that \$8,500 will be spent to replace our 12 year old garbage truck.

In the past year, it was necessary to spend approximately \$35,000.00 for special maintenance and additions to the water system. With the completion of this work, it is anticipated that expenditures from this fund can be reduced more than \$14,000. Accordingly, it is anticipated that it will not be necessary to increase water rates to provide additional revenues.
